comm: Meaning of community

[cyan]I am going to start by asking you some questions about your community. First, people often refer to the community in which they live and work. However, the idea of community may mean different things to different people. When you refer to your community, what [yellow]geographic area[cyan] best describes what you mean?

[green]Interviewer: We want to know the [yellow]geographic[green] area that best describes what they consider their community. If they will not define community in geographic terms, select "Do not know". [white]

<1> Your local neighborhood
 <2> Your village, town or city
 <3> Your county or borough
 <4> Your region of NYS (Adirondacks, Central NY, Western NY, etc.)

[cyan]Now I'm going to ask you some questions about different proposals to reduce the number of uninsured.

One option for reducing the number of uninsured would be to provide public coverage from tax revenue.
