KHq1: Household income comparison

[cyan]Thinking about your household's income from all sources, before taxes, how would you say your household income compares to that of all other households in the US? [white]
 <1> Only 10% of US households make more than my household does
 (90% or most everyone else makes less)
 <2> Only 25% of US households make more than my household does
 (75% or three-quarters make less)
 <3> Half of US households make more than my household does and half make less
 <4> 75% or three out of four US households make more than my household does
 (only 25% or one-quarter makes less)
 <5> 90% or most everyone else makes more than my household does
 (only 10% make less) [green]
